How to Read The Tables (refer to first line of each table for numbers used in example)

Table 5.1: The 3770 students of the Fall 2002 Undergraduates First-Time at UCO entry cohort successfully completed 24297 courses, 72% of the total courses they attempted, in Year 1. --Successful Learning Rate

Table 5.2: 6.4 courses, on average, were successfully completed by those who enrolled during Year 1.

Successful Learning Rate (SLR) - Proportion of Successfully Completed Courses to Total Attempted

The Enrollment data shown here differs from the Enrollment data on Table 2.1 of the Student Success report because Table 2.1 includes only students entering during Fall semester opening. The student counts above, used to calculate student learning progress, include Fall, Spring and Summer openings (the full year).
